## Perutusan Pengerusi

### Chairman's Statement

Assalamualaikum dan salam sejahtera

Saya bagi pihak Majlis dengan sukacitanya membentangkan Laporan Tahunan Majlis Peperiksaan Malaysia (MPM) dan Penyata Kewangannya yang telah diaudit bagi tahun kewangan yang berakhir pada 31 Disember 2008.

Terlebih dahulu saya ingin mengambil kesempatan ini untuk merakamkan ucapan penghargaan dan terima kasih kepada ahli Majlis yang telah menamatkan perkhidmatan mereka dan mengalu-alukan kehadiran ahli Majlis yang baharu dilantik. Saya yakin bahawa semua ahli yang menganggotai Majlis dapat memberikan sumbangan kepada MPM dalam menetapkan dasar dan merancang hala tuju MPM untuk meningkatkan mutu sistem pentaksiran negara dalam era globalisasi ini.

#### PENGENDALIAN PEPERIKSAAN 2008

Saya bersyukur ke hadrat Allah S.W.T. kerana peperiksaan Sijil Tinggi Persekolahan Malaysia (STPM) dan *Malaysian University English Test* (MUET) bagi tahun 2008 telah dapat dijalankan dengan lancar dan baik. Begitu juga dengan peperiksaan yang dipertanggungjawabkan kepada MPM untuk mengendalikannya, iaitu peperiksaan Penilaian Tahap Kecekapan Sistem Saraan Malaysia (PTK-SSM) bagi Kementerian Pelajaran Malaysia

Assalamualaikum and peace be upon you

On behalf of the Council, I am pleased to present the Annual Report and audited Financial Statements of the Malaysian Examinations Council (MEC) for the financial year ended 31 December 2008.

First of all, I would like to take this opportunity to express my appreciation and gratitude to members of the Council who have completed their term of service and warmly welcome the newly appointed members of the Council. I am confident that all members of the Council will make significant contributions to MEC in the formulation and planning of the policies and direction of MEC to further enhance the quality of the national assessment system in this era of globalisation.

#### CONDUCT OF EXAMINATIONS IN 2008

I thank Allah SWT that the Sijil Tinggi Persekolahan Malaysia (STPM) examination and the Malaysian University English Test (MUET) for 2008 were conducted smoothly and efficiently. Similarly, the examinations conducted by MEC, namely the Competency Level Assessment of the Malaysian Remuneration System (PTK-SSM) for the Ministry of Education (MoE), the Malaysian Information Technology Professional Examination (MITPE) on behalf

(KPM), *Malaysian Information Technology Professional Examination (MITPE)* bagi pihak Multimedia Technology Enhancement Operations Sdn. Bhd. (METEOR), dan ujian *Malaysian Educators Selection Inventory (MEdSI)* yang pertama kali dikendalikan oleh MPM bagi pihak Kementerian Pengajian Tinggi Malaysia, semuanya telah dapat dijalankan dengan jayanya.

Dalam pada itu, saya amat berbangga dengan prestasi keputusan peperiksaan dan ujian tahun 2008 yang menunjukkan peningkatan yang amat menggalakkan. Ini menggambarkan bahawa mutu pendidikan negara kita telah meningkat selari dengan hala tuju Pelan Induk Pembangunan Pendidikan (PIPP) 2006 – 2010 Kementerian Pelajaran Malaysia. Dengan yang demikian, saya mengucapkan tahniah kepada semua calon yang berjaya, termasuklah kepada guru dan pengetua sekolah yang berkenaan.

## PROSPEK

Tadbir urus korporat yang cekap dan telus serta pengurusan maklumat yang cekap amat perlu dalam melaksanakan tugas demi kecemerlangan organisasi. Dalam konteks ini, MPM akan terus komited sepenuhnya untuk mematuhi piawaian dan dasar kualiti yang ditetapkan. Pada tahun 2008, MPM telah dianugerahi dua sijil Sistem Pengurusan Kualiti ISO 9001:2000 oleh SIRIM QAS International Sdn. Bhd. dan the International Certification Network (IQNet) yang meliputi skop reka bentuk dan pembangunan kurikulum serta pengurusan peperiksaan/ujian bagi peperiksaan STPM dan MUET. Ini merupakan satu daripada usaha yang dilakukan oleh MPM untuk meningkatkan mutu dan prestasi penyampaian perkhidmatan kepada pelanggannya.

MPM terus cemerlang apabila memperoleh Anugerah Khas Pencapaian Terbaik Sistem *Star Rating* KPM bersempena dengan Majlis Hari Kualiti KPM pada 4 November 2008.

Di samping itu, MPM akan terus memainkan peranan dengan lebih proaktif dan inovatif untuk memperkenalkan perkhidmatan dan produk yang bernilai tambah agar berupaya memenuhi kehendak pelanggan. Pelan strategik bagi tujuan ini telah dirangka melalui *Scenario Planning* MPM yang diusahakan sejak tahun 2007. Saya berharap agar perancangan ini dapat direalisasikan dalam tempoh yang dirancang.

## PEMBANGUNAN SUMBER MANUSIA

Selaras dengan dasar pembangunan sumber manusia MPM untuk menghasilkan modal insan yang bermotivasi,

of Multimedia Technology Enhancement Operations Sdn. Bhd. (METEOR) and the Malaysian Educators Selection Inventory (MEdSI) which was conducted for the first time by MEC on behalf of the Ministry of Higher Education (MoHE), were carried out successfully.

I am very proud of the results of the examinations and tests in 2008 which showed very commendable improvement. This demonstrates that the quality of education in our country has improved in line with the directions of the 2006 – 2010 Education Development Master Plan of the Ministry of Education. Therefore, I would like to congratulate all successful candidates, including teachers and principals of the schools concerned.

## PROSPECTS

Efficient and transparent corporate governance as well as the efficient management of information are vital in the execution of duties in the interest of organisational excellence. In this context, MEC will remain fully committed to complying with the quality standards and policies set. In 2008, MEC was awarded two MS ISO 9001:2000 Quality Management System certificates by SIRIM QAS International Sdn. Bhd. and the International Certification Network (IQNet) which cover the design and development as well as the management of the STPM examination and MUET. This is part of the efforts undertaken by MEC to improve the quality of its service delivery to its clients.

MEC continued to shine when it received the MoE Star Rating System Special Best Achievement Award in conjunction with the MOE Quality Day on 4 November 2008.

In addition, MEC will continue to play its role in a more proactive and innovative manner by introducing value-added services and products that cater to the needs of its clients. The strategic plan for this purpose, the MEC Scenario Planning, has been in progress since 2007. I hope this planning will be realised within the period planned.

## HUMAN RESOURCE DEVELOPMENT

In line with the MEC human resource development policy to produce motivated, knowledgeable, skilled, competent

berpengetahuan, berkemahiran, cekap, dan cemerlang, maka langkah-langkah khusus telah diambil untuk meningkatkan kemahiran kerja, memperkukuh profesionalisme, dan membudayakan etika kerja dalam kalangan warga MPM. Untuk tujuan ini, pelbagai program latihan dan kursus telah diadakan sepanjang tahun 2008 untuk semua peringkat warga MPM. MPM juga menghantar kakitangannya ke luar negara untuk mengikuti kursus profesional yang berkaitan.

## PRESTASI KEWANGAN

MPM telah menunjukkan prestasi kewangan yang cemerlang dengan peningkatan lebih pendapatan bersih dengan nilai nisbah semasa yang besar dan nilai nisbah liabiliti yang rendah berbanding dengan aset, iaitu sifar.

## PENGHARGAAN

Pada keseluruhannya, prestasi cemerlang yang dicapai pada tahun 2008 menggambarkan kecekapan dan keberkesanan tadbir urus korporat MPM. Saya bagi pihak ahli Majlis ingin mengambil kesempatan ini untuk menyampaikan penghargaan dan terima kasih yang tidak terhingga kepada semua kakitangan MPM atas ketekunan, dedikasi, dan sikap profesionalisme mereka dalam melaksanakan tugas yang diamanahkan. Saya berharap agar mereka akan terus berusaha dengan penuh iltizam untuk mencapai prestasi yang lebih cemerlang pada tahun yang akan datang.

Saya juga merakamkan penghargaan dan terima kasih kepada semua pihak terutamanya Jabatan Pelajaran Negeri, Pejabat Pelajaran Gabungan, Pejabat Pelajaran Daerah, dan institusi pengajian tinggi tempatan atas sumbangan dan sokongan yang tidak ternilai yang telah diberikan kepada MPM sepanjang tahun 2008.

Wassalam.

MEC recorded an excellent financial performance with an increase in its net surplus income, and a low liability ratio compared to asset.

## ACKNOWLEDGEMENT

SEJARAH PENUBUHAN MPM  
*HISTORY OF THE ESTABLISHMENT OF MEC*

# Sejarah Penubuhan MPM

## History of The Establishment of MEC

### SEJARAH PENUBUHAN MPM

Majlis Peperiksaan Malaysia (MPM) yang ditubuhkan pada 1 Februari 1980 di bawah Akta Majlis Peperiksaan Malaysia [Akta 225] ialah sebuah badan berkanun yang beroperasi di bawah naungan Kementerian Pelajaran Malaysia. Majlis perasmian penubuhan MPM telah disempurnakan oleh Menteri Pelajaran Malaysia pada ketika itu, iaitu Y. B. Dato' Musa bin Hitam pada 22 April 1980. Matlamat penubuhan MPM adalah untuk mengelolakan peperiksaan-peperiksaan tertentu dan semua perkara lain yang perlu atau bersampingan dengan peperiksaan-peperiksaan itu. Peperiksaan yang diwartakan ialah peperiksaan Sijil Tinggi Persekolahan Malaysia (STPM) yang mula dilaksanakan pada tahun 1982 untuk menggantikan peperiksaan *Higher School Certificate* (HSC) dan Sijil Tinggi Persekolahan (STP) yang dikendalikan oleh University of Cambridge Local Examinations Syndicate (UCLES).

Selepas pengambilalihan kedua-dua peperiksaan tersebut, nama peperiksaan STP dan HSC telah ditukar kepada peperiksaan Sijil Tinggi Persekolahan Malaysia (STPM). Selain itu, penubuhan MPM juga bertujuan untuk merealisasikan pengendalian peperiksaan tersebut dalam Bahasa Malaysia sepenuhnya. Hal ini bersesuaian dengan pelaksanaan dasar menggunakan

### HISTORY OF THE ESTABLISHMENT OF MEC

The Malaysian Examinations Council (MEC), which was established on 1 February 1980 under the Malaysian Examinations Council Act [Act 225], is a statutory body which operates under the aegis of the Ministry of Education Malaysia. It was officially launched on 22 April 1980 by the then Minister of Education, Dato' Musa bin Hitam. The objectives of the establishment of MEC are to conduct specified examinations and all other matters that may be necessary or incidental related to such examinations. The examination gazetted is the Sijil Tinggi Persekolahan Malaysia (STPM) examination which was first implemented in 1982 to replace the Higher School Certificate (HSC) and Sijil Tinggi Persekolahan (STP) examinations which were conducted by the University of Cambridge Local Examinations Syndicate (UCLES).

After taking over both the HSC and STP examinations, their names were changed to the Sijil Tinggi Persekolahan Malaysia (STPM) examination. MEC was also established to realise the aim of conducting the examination wholly in Malay. This is in line with the implementation of the policy to use Malay as the medium of instruction in the national education system from primary level to pre-university level, namely the sixth form.

Bahasa Malaysia sebagai bahasa pengantar dalam sistem pendidikan negara dari peringkat pendidikan rendah hingga peringkat pendidikan prauniversiti, iaitu tingkatan enam.

Di samping itu, pihak UCLES sendiri yang tidak sanggup lagi mengendalikan peperiksaan HSC/STP di Malaysia berikutan dengan perubahan dasar penggunaan bahasa pengantar telah menyebabkan perlunya sebuah badan peperiksaan, iaitu Majlis Peperiksaan Malaysia (MPM), ditubuhkan untuk mengambil alih fungsi UCLES itu. Selepas beberapa siri rundingan dengan Kementerian Pelajaran Malaysia, pihak UCLES telah menyerahkan tanggungjawab kepada Kementerian Pelajaran Malaysia untuk mengendalikan peperiksaan tersebut sepenuhnya mulai tahun 1982. Selepas 26 tahun berlalu, MPM masih mengekalkan hubungan kerjasama dengan UCLES, iaitu dalam bentuk khidmat nasihat bagi penetapan standard STPM.

### KEANGGOTAAN MAJLIS

MPM diurus oleh lembaga pengelola yang disebut "Majlis". Keahlian Majlis terdiri daripada semua naib cancellor universiti awam tempatan, Ketua Setiausaha Kementerian Pelajaran Malaysia, Ketua Pengarah Pelajaran, Pengarah Peperiksaan, Ketua Eksekutif Majlis Peperiksaan Malaysia, dan lima orang ahli yang dilantik oleh Seri Paduka Baginda Yang di-Pertuan Agong. Pengerusi Majlis dilantik oleh Seri Paduka Baginda Yang di-Pertuan Agong daripada kalangan naib cancellor. Keanggotaan Majlis kini berjumlah 28 orang.

Pada tahun 1980, terdapat lima buah universiti yang naib cancellornya dilantik sebagai ahli Majlis, iaitu Naib Cancellor Universiti Malaya, Y. M. Prof. Diraja Ungku Abdul Aziz bin Ungku Abdul Hamid; Naib Cancellor Universiti Sains Malaysia (USM), Y. Bhg. Tan Sri Dato' Haji Hamdan bin Sheikh Tahir; Naib Cancellor Universiti Kebangsaan Malaysia (UKM), Y. Bhg. Dato' Prof. Awang Had bin Salleh; Naib Cancellor Universiti Pertanian Malaysia (kini Universiti Putra Malaysia, UPM), Y. Bhg. Tan Sri Prof. Dr. Mohd Rashdan bin Haji Baba; dan Naib Cancellor Universiti Teknologi Malaysia (UTM), Y. Bhg. Tan Sri Ainuddin bin Abdul Wahid. Selain naib cancellor universiti tempatan, terdapat tiga orang lagi ahli *ex-officio* yang lain, iaitu Ketua Setiausaha Kementerian Pelajaran Malaysia, Y. Bhg. Dato' Haji Othman bin Abdul Malik; Ketua Pengarah Pelajaran, Y. Bhg. Tan Sri Dato' Haji Murad bin Mohd. Noor; dan Pengarah Peperiksaan, Encik Omar bin Mohd. Hashim.

Untuk memenuhi kehendak Akta Majlis Peperiksaan Malaysia 1980, Seri Paduka Baginda Yang di-Pertuan Agong telah berkenan melantik Y. M. Prof. Diraja Ungku

In addition, UCLES was not ready to conduct the HSC/STP examination in Malaysia following the change in the medium of instruction, thus necessitating the establishment of an examination body, MEC, to take over the functions of UCLES. After a series of negotiations with the Ministry of Education, UCLES handed over the responsibility of conducting the examination to the Ministry with effect from 1982. After 26 years, MEC continues to maintain close relations and co-operation with UCLES in the form of advisory services for the setting of STPM standards.

### MEMBERSHIP OF THE COUNCIL

MEC is managed by a board of governors called "The Council". Members of the Council consist of the vice-chancellors of all local public universities, Secretary General of the Ministry of Education, Director General of Education, Director of Examinations, Chief Executive of MEC and five members appointed by the Yang di-Pertuan Agong. The chairman of the Council is appointed by the Yang di-Pertuan Agong from among the vice-chancellors. Membership of the Council totalled 28 persons.

## MEC PREMISES

In 1980, MEC began its operations on the 9<sup>th</sup> floor of the Examinations Syndicate Building in Jalan Duta. As MEC expanded, its premises were relocated to the KUWASA Building in Jalan Raja Laut in December 1984, and subsequently to Wisma Mirama in Jalan Wisma Putra in May 1995. The aspiration of MEC since the late 1980s

1995. Hasrat MPM untuk mempunyai bangunan sendiri sejak akhir tahun 1980-an tercapai apabila Bangunan MPM di atas sebidang tanah seluas 2.43 hektar di Bandar Baru Selayang siap dibina pada bulan Mei 1998 dan mula diduduki pada bulan Julai 1998. Bangunan MPM telah disempurnakan perasmianya oleh Y. B. Dato' Hishammuddin bin Tun Hussein, Menteri Pelajaran Malaysia, pada 14 September 2004.

## FUNGSI MPM

Sejak MPM ditubuhkan, bidang tugas MPM yang pada mulanya hanya mengendalikan peperiksaan STPM telah diperluas. Pada tahun 1999, MPM telah dipertanggungjawabkan untuk mengendalikan *Malaysian University English Test* (MUET) yang diadakan dua kali setahun. Ujian ini wajib diduduki oleh semua pelajar yang ingin melanjutkan pelajaran ke institusi pengajian tinggi awam (IPTA). Mulai tahun 2003 pula, MPM telah diamanahkan untuk mengendalikan peperiksaan Penilaian Tahap Kecekapan (PTK) bagi anggota perkhidmatan pelajaran Kementerian Pelajaran Malaysia di bawah Sistem Saraan Malaysia (SSM). Di samping itu, MPM juga menjalinkan kerjasama dengan pihak Multimedia Technology Enhancement Operations Sdn. Bhd. (METEOR) untuk mengendalikan *Malaysian Information Technology Professional Examination* (MITPE), iaitu peperiksaan yang membolehkan para graduan dan golongan profesional IT mendapat pengiktirafan dalam kemahiran IT di seluruh dunia. Fungsi ini amat bersesuaian dengan misi dan visi MPM.

Aktiviti yang dilaksanakan oleh MPM dalam mengendalikan peperiksaan adalah seperti yang berikut:

- Menyediakan peraturan dan skema peperiksaan
- Mengkaji, mengemaskinikan, dan menggubal sukatan pelajaran peperiksaan
- Menggubal dan menyediakan kertas soalan dan bahan peperiksaan
- Menyelaraskan pendaftaran calon peperiksaan
- Menyelaraskan pengendalian peperiksaan dan pemarkahan skrip jawapan calon
- Memproses dan menyemak keputusan peperiksaan
- Menetapkan standard kertas dan mata pelajaran serta menganugerahkan keputusan peperiksaan
- Mentafahus rayuan calon tentang keputusan peperiksaan
- Melatih kakitangan Urus Setia dan penjawat yang dilantik oleh MPM
- Mengkaji dan menyelidik perilaku calon dan hal-hal lain yang berkaitan dengan peperiksaan

to have its own building was realised when the MEC Building was completed on a 2.43 hectare piece of land in Bandar Baru Selayang in May 1998 and occupied in July 1998. It was officially opened by Dato' Hishammuddin bin Tun Hussein, Minister of Education Malaysia, on 14 September 2004.

## FUNCTIONS OF MEC

Since its establishment, the MEC's scope of responsibilities has expanded from its initial function of conducting only the STPM examination. In 1999, it was tasked with conducting the Malaysian University English Test (MUET) which is held twice a year. This test is compulsory for all students who want to continue their studies in public institutions of higher learning. Beginning from 2003, MEC has been entrusted to conduct the Competency Level Assessment (PTK) examination for officer in the education service, Ministry of Education under the Malaysian Remuneration System (SSM). In addition, MEC conducts the Malaysian Information Technology Professional Examination (MITPE) with the co-operation of Multimedia Technology Enhancement Operations Sdn Bhd (METEOR). This examination enables IT graduates and professionals to secure worldwide recognition in the field of IT. This function is aptly in line with the mission and vision of MEC.

The activities carried out by MEC in conducting the examinations are as follows:

- Preparing the examination regulations and scheme
- Studying, revising and designing the examination syllabuses
- Setting and preparing question papers and examination materials
- Co-ordinating the registration of examination candidates
- Co-ordinating the conduct of the examinations and the marking of the answer scripts of candidates
- Processing and checking the examination results
- Setting standards for the papers and subjects and awarding the examination results
- Scrutinising candidates' appeals against examination results
- Training staff of the Secretariat and officers appointed by MEC
- Studying and researching the behaviour of candidates and other matters related to examinations

## PENGIKTIRAFAN DAN USAHA PEMANTAPAN MPM

Untuk memastikan supaya perkhidmatan yang diberikan kepada pelanggannya berkualiti, MPM telah memperoleh Sijil Pendaftaran Sistem Kualiti MS ISO 9001:1994 Perkhidmatan Awam Malaysia pada 31 Disember 2000 dan Sijil Pendaftaran Sistem Kualiti MS ISO 9001:2000 bagi peperiksaan STPM pada 3 Mac 2005 daripada SIRIM QAS International Sdn. Bhd. Skop pendaftaran sistem kualiti ini ialah pengurusan dan pentadbiran peperiksaan STPM yang merangkum pembinaan, pencetakan, dan pendedaran kertas soalan.

Untuk melaksanakan sistem pengurusan kualiti yang lebih menyeluruh di MPM, skop pendaftarannya telah diperluas. MPM telah menyediakan dua prosedur kualiti yang berasingan bagi peperiksaan STPM dan MUET. Skop yang diperluas bagi prosedur kualiti peperiksaan STPM meliputi penggubalan sukatan pelajaran, pembinaan, pencetakan, dan pendedaran kertas soalan, penyediaan peraturan dan skema peperiksaan, pendaftaran calon, pembekalan alat tulis, pentadbiran peperiksaan, pemeriksaan skrip jawapan, pemprosesan markah, penetapan standard, pengeluaran keputusan, dan pengeluaran sijil. Skop bagi prosedur kualiti MUET pula meliputi penggubalan spesifikasi ujian, pembinaan, pencetakan, dan pendedaran kertas soalan, pendaftaran calon, pembekalan alat tulis, pentadbiran ujian, pemeriksaan skrip jawapan, pemprosesan markah, pengesahan keputusan, dan pengeluaran slip keputusan. Sistem pengurusan kualiti yang diperluas bagi peperiksaan STPM dan MUET ini mula dilaksanakan pada 11 September 2007. MPM telah memperoleh Sijil Pendaftaran Sistem Pengurusan Kualiti ISO 9001:2000 bagi peluasan skop peperiksaan STPM (nombor sijil AR3576) pada 16 Disember 2008 dan Sijil Pendaftaran Sistem Pengurusan Kualiti ISO 9001:2000 bagi MUET (nombor sijil AR4761) daripada SIRIM QAS International Sdn. Bhd. dan the International Certification Network (IQNet) pada 13 Disember 2008.

Usaha memantapkan pengendalian peperiksaan STPM dimulakan sebaik sahaja MPM mengambil alih peperiksaan HSC/STP daripada UCLES pada tahun 1982. Dalam hal ini, MPM sentiasa mengenal pasti sistem pemprosesan pendaftaran dan pemprosesan keputusan peperiksaan yang inovatif dari semasa ke semasa. Pangkalan data STPM mula dibina sejak tahun 1982 oleh sekumpulan pakar dari Universiti Teknologi Malaysia (UTM) yang diketuai oleh Prof. Madya Anuar bin Maarof dengan menggunakan kemudahan perkakasan komputer di UTM. MPM telah membeli perkakasan komputer jenis *mainframe* IBM model 4361 pada tahun 1986. Dengan

## RECOGNITION AND EFFORTS TO STRENGTHEN MEC

To ensure the provision of quality services to its clients, MEC obtained the Malaysian Civil Service MS ISO 9001:1994 Quality System Registration Certification on 31 December 2000 and the MS ISO 9001:2000 Quality System Registration Certification for the STPM examination on 3 March 2005 from SIRIM QAS International Sdn Bhd. The scope of registration of this quality system is the management and administration of the STPM examination which encompasses the design, printing and distribution of question papers.

In order to implement a more comprehensive quality management system in MEC, its scope of registration has been expanded. The MEC has prepared two separate quality procedures for the STPM examination and MUET. The expanded scope for the STPM quality procedures include the formulation of syllabuses, the construction, printing and distribution of question papers, preparation of the examination regulations and scheme, registration of candidates, supply of stationery, administration of examination, marking of answer scripts, processing of marks, setting of standards, release of results and issue of certificates. The scope for the MUET quality procedures include the formulation of test specifications, the construction, printing and distribution of question papers, registration of candidates, supply of stationery, administration of test, marking of answer scripts, processing of marks, confirmation of marks and release of results. The expanded quality management system for the STPM examination and MUET was implemented on 11 September 2007. MEC obtained the ISO 9001:2000 Registration Certificate of Quality Management System for the expanded scope of the STPM examination (certificate number AR3567) and the ISO 9001:2000 Registration Certificate of Quality Management System for MUET (certificate number AR4761) from SIRIM QAS International Sdn. Bhd. and the International Certification Network (IQNet), both on December 16, 2008 and December 13, 2008.

Efforts to strengthen the conduct of the STPM examination began as soon as MEC took over the task from UCLES in 1982. MEC constantly seeks innovative systems to process registration and examination results. The STPM database was first developed in 1982 by a group of experts from Universiti Teknologi Malaysia (UTM) headed by Assoc. Prof. Anuar bin Maarof using UTM's computer hardware facilities. MEC acquired an IBM model 4361 mainframe computer in 1986. With this purchase, MEC was able to carry out data processing work more efficiently and effectively in terms of time and cost.

pembelian perkakasan komputer ini, MPM telah dapat melaksanakan kerja pemprosesan data dengan lebih cekap dan berkesan dari segi masa dan kos.

Selaras dengan perkembangan teknologi semasa, MPM telah menggantikan sistem komputer *mainframe* dengan sistem *client server* pada tahun 1994. Sistem ini menggunakan sistem pengurusan pangkalan data yang lebih cekap untuk menyimpan data dan mendapatkan semula data. Dengan terbinanya sistem ini, pemprosesan pendaftaran calon serta pemprosesan dan analisis keputusan peperiksaan calon dapat dijalankan dengan lebih cekap dan berkesan. Usaha untuk mendedahkan kakitangan MPM kepada penggunaan ICT dalam menjalankan tugas mereka bermula pada tahun 1995 apabila setiap komputer diberi sambungan Internet dan setiap pegawai diberi kemudahan e-mel.

Untuk meningkatkan mutu perkhidmatan kepada pelanggan, semakin maklumat pendaftaran dan maklumat keputusan peperiksaan melalui sistem mesej singkat (SMS) telah diperkenalkan pada tahun 2005 dan secara dalam talian pada tahun 2006. Selain itu, keupayaan perkakasan komputer juga ditingkatkan dari semasa ke semasa mengikut keperluan. Sistem pendaftaran dan sistem pemprosesan keputusan peperiksaan diperkemas juga dari semasa ke semasa untuk memberikan perkhidmatan yang terbaik kepada pelanggan.

## MERISIK MASA DEPAN

Perkembangan pesat fungsi MPM sejak tahun 1999 telah menjadi mangkin kepada usaha untuk mempelbagaikan sumber kewangan/pendapatan MPM. Pada suatu hari nanti tidak mustahil bagi MPM untuk menjelma sebagai agensi kerajaan yang menawarkan pelbagai perkhidmatan mengikut kehendak pelanggan dalam bidang akademik dan bukan akademik. Dengan sumber kewangan yang selesa, MPM akan dapat meneruskan hasratnya untuk menjanakan pentaksiran jitu yang relevan dan memenuhi keperluan pentaksiran pendidikan semasa.

In tandem with technological advancement, MEC replaced the mainframe computer system with the client server system in 1994. This system uses a more efficient database management system to store and access data. With this system, the registration of candidates and the processing and analysis of examination results can be carried out more efficiently and effectively. Efforts to expose MEC staff to the usage of IT to carry out their tasks began in 1995 when all computers were provided with internet connection and all officers were provided with e-mail facility.

In order to enhance the quality of services, checking of registration status and examination results via short messaging system (SMS) was introduced in 2005 and via online in 2006. In addition, the capability of the computer hardware was also enhanced from time to time according to requirements. The registration and results processing systems were also upgraded from time to time in order to provide the best services to clients.

## LOOKING FORWARD

The rapid expansion of MEC's functions since 1999 has become a catalyst to its efforts to diversify its sources of income/finance. In future, it is not impossible that MEC will become a government agency which offers various services that are customised to customers' requirements in academic and non-academic fields. With stable sources of finance, MEC can continue its aspiration to generate accurate assessment that is relevant and that meets current educational assessment requirements.

LAPORAN PENCAPAIAN  
*PERFORMANCE REPORTS*

## PROGRAM UTAMA

Pengurusan dan pengendalian peperiksaan merupakan program utama Majlis Peperiksaan Malaysia (MPM). Peperiksaan yang diwartakan ialah peperiksaan Sijil Tinggi Persekolahan Malaysia (STPM) mulai tahun 1982 dan *Malaysian University English Test* (MUET) mulai tahun 1999. MUET telah dikendalikan sekali pada tahun 1999 dan dua kali setahun mulai tahun 2000. Mulai tahun 2003, MPM mengendalikan peperiksaan Penilaian Tahap Kecekapan (PTK) bagi anggota perkhidmatan KPM. Mulai tahun 2005, MPM mengendalikan *Malaysian Information Technology Professional Examination* (MITPE) bagi pihak Multimedia Technology Enhancement Operations Sdn. Bhd. (METEOR), iaitu peperiksaan yang membolehkan para graduan dan golongan profesional teknologi maklumat mendapat pengiktirafan dalam kemahiran teknologi maklumat di peringkat antarabangsa. Peperiksaan PTK dan MITPE dikendalikan dua kali setahun. Mulai tahun 2008, MPM mengendalikan ujian *Malaysian Educators Selection Inventory* (MEdSI) bagi pihak Kementerian Pengajian Tinggi Malaysia, iaitu ujian untuk menyaring calon yang ingin mengikuti program pendidikan di institusi pengajian tinggi awam (IPTA). Ujian ini telah ditadbirkan sebanyak tiga kali pada tahun 2008.

## SASARAN DAN PENCAPAIAN

MPM telah menetapkan sasaran petunjuk prestasi utama (KPI) pada tahun 2008 dan pencapaiannya adalah seperti yang berikut:

### Peraturan dan Skema Peperiksaan

Peraturan dan Skema Peperiksaan bagi STPM 2009 perlu diedarkan kepada penerima selewat-lewatnya 18 bulan sebelum peperiksaan. MPM telah mengedarkannya pada 9 Januari 2008, iaitu 20 bulan sebelum peperiksaan.

*Regulations, Test Specifications, Test Format and Sample Questions* bagi MUET perlu diedarkan kepada penerima selewat-lewatnya 18 bulan sebelum peperiksaan. Walau bagaimanapun, tidak ada dokumen yang baharu yang perlu diedarkan pada tahun 2008 kerana ujian MUET pada tahun 2009 masih menggunakan dokumen yang diedarkan pada tahun 2007.

Bagi peperiksaan PTK tahun 2008, peraturan dan skema peperiksaan telah diedarkan mengikut jadual yang ditetapkan, iaitu semasa pendaftaran peperiksaan pada bulan November 2007. Bagi MITPE dan ujian MEdSI tahun 2008, tiada peraturan dan skema peperiksaan yang perlu diedarkan.

## MAIN PROGRAMMES

Managing and conducting examinations are the main programmes of the Malaysian Examinations Council (MEC). The gazetted examinations are the *Sijil Tinggi Persekolahan Malaysia* (STPM) beginning from 1982 and the *Malaysian University English Test* (MUET) from 1999. MUET was conducted once in 1999 and twice a year beginning from 2000. In 2003, MEC started to conduct the *Competency Level Assessment* (PTK) examination for officers of the Ministry of Education. Since 2005, it has been conducting the *Malaysian Information Technology Professional Examination* (MITPE) on behalf of Multimedia Technology Enhancement Operations Sdn Bhd (METEOR). This examination enables information technology graduates and professionals to gain recognition for their information technology skills at the international level. The PTK and MITPE examinations are conducted twice yearly. Beginning 2008, MEC conducts the *Malaysian Educators Selection Inventory* (MEdSI) test on behalf of the Ministry of Higher Education. This is a test to vet candidates who want to pursue education programmes at public institutions of higher learning. This test was administered three times in 2008.

## TARGETS AND ACHIEVEMENTS

MEC had set the key performance indicator (KPI) targets for 2008 and its achievements are as follows:

### Examination Regulations and Scheme

The Examination Regulations and Scheme for the 2009 STPM must be distributed at least 18 months before the examination. The MEC distributed the Examination Regulation and Scheme on 9 January 2008, 20 months before the examination.

The Regulations, Test Specifications, Test Format and Sample Questions for MUET must be distributed at the latest 18 months before the examination. However, no new documents had to be distributed in 2008 as the 2009 MUET uses the document that was distributed in 2007.

The regulations and scheme for the 2008 PTK examination have been distributed according to schedule, i.e. during registration for the examination in November 2007. No examination regulations and scheme had to be distributed for the 2008 MITPE and MEdSI examinations.

## Sukatan Pelajaran

Pada tahun 2008, sukatan pelajaran bagi semua mata pelajaran STPM dalam proses kajian semula untuk disesuaikan dengan sistem peperiksaan modular yang kini berbentuk terminal. Sebanyak 16 daripada 23 sukatan pelajaran telah selesai dikaji semula pada 31 Disember 2008. Tarikh asal sukatan pelajaran siap sepatutnya pada 30 Ogos 2008 tetapi oleh sebab pelaksanaan sistem peperiksaan modular ini ditangguhkan dari tahun 2009 ke tahun yang akan ditentukan kemudian di samping terdapat aspek teknikal sukatan pelajaran yang perlu dimuktamadkan, maka tarikh baharu semua sukatan pelajaran perlu dimuktamadkan telah dilanjutkan kepada 30 April 2009.

Bagi PTK, sukatan peperiksaan bagi gred DG44 dan gred N17 (Pembantu Pengurusan Murid) telah diedarkan sebelum pendaftaran dijalankan. Bagi gred jawatan yang lain, tidak ada sukatan peperiksaan yang baharu yang perlu diedarkan.

Bagi MUET, belum ada keperluan untuk mengkaji semula *Regulations, Test Specifications, Test Format and Sample Questions*.

## Penyediaan Kertas Peperiksaan

MPM telah menyediakan semua kertas peperiksaan yang diperlukan untuk peperiksaan STPM, MUET, PTK, dan MEdSI seperti yang berikut:

Peperiksaan/Ujian <i>Examination/Test</i>	Bilangan Kertas Peperiksaan yang Perlu Disediakan <i>Number of Examination Papers to be Prepared</i>	Bilangan Kertas Peperiksaan yang Telah Disediakan <i>Number of Examination Papers Prepared</i>
STPM	56	56
MUET	8	8
PTK	328	328
MEdSI	1	1

Bagi peperiksaan MITPE, kertas peperiksaan telah disediakan oleh METEOR Sdn. Bhd.

## Pentadbiran Peperiksaan

Jadual waktu peperiksaan/ujian telah dapat dihantar kepada calon mengikut jadual yang ditetapkan, iaitu selewat-lewatnya sebulan sebelum peperiksaan/ujian. Semua calon yang mendaftar/dipilih dapat menduduki peperiksaan/ujian masing-masing.

## Syllabuses

In 2008, the syllabuses for all STPM subjects were being reviewed to cater to the modular examination system from the present terminal system. The reviews of 16 out of 23 syllabuses were completed on 31 December 2008. The date of completion was supposed to be 30 August 2008. However the implementation of the modular examination system had been postponed from 2009 to a year to be determined later. Also several technical aspects of the syllabuses needed to be finalised. Therefore, the new date for the finalisation of all syllabuses has been extended to 30 April 2009.

For the PTK examination, the syllabuses for grades DG44 and N17 (teacher aide) were distributed prior to registration. For other job grades, no new syllabuses had to be distributed.

For MUET, no reviews of the Regulations, Test Specifications, Test Format and Sample Questions were needed.

## Preparation of Examination Papers

MEC has prepared all examination papers for the STPM, MUET, PTK and MEdSI examinations as follows:

The examination papers for the MITPE examination were prepared by METEOR Sdn Bhd.

## Administration of Examination

The timetables of the examinations/tests were sent to candidates according to the schedule set which was at the latest a month before the examinations/tests. All registered/selected candidates sat for their respective examinations/tests.

## 2.4 Rosotnilai Aset

Nilai aset yang dibawa disemak pada tarikh lembaran imbangan untuk menentukan sama ada terdapat tanda-tanda kemerosotan. Jika wujud tanda-tanda sedemikian, rosotnilai diukur melalui perbandingan di antara amaun yang boleh diterima dengan nilai yang dibawa. Amaun yang boleh diterima adalah amaun yang lebih tinggi di antara nilai jualan aset dan nilai diguna, yang diukur berasaskan aliran tunai yang dijangka yang didiskaunkan. Amaun yang boleh diterima dijangka untuk aset individu atau, sekiranya tidak boleh, untuk unit yang menghasilkan tunai yang mana aset itu digunakan.

Kerugian kemerosotan nilai aset dicajkan kepada Penyata Pendapatan dalam tahun di mana kemerosotan nilai berkenaan dikenal pasti.

Sebarang kenaikan seterusnya di dalam nilai dijangka dapat diperolehi akan diiktirafkan kerugian kemerosotan nilai terdahulu dan diiktiraf setakat nilai aset dibawa yang akan ditentukan (selepas susutnilai atau pelunasan) sekiranya tiada kerugian kemerosotan nilai diiktiraf sebelum ini.

their estimated useful lives. Depreciation is provided in the year of purchase and no depreciation is provided in the year of sale. The net balance of fixed assets should not be less than RM1.

The annual depreciation rates are as follows:

Furniture and office equipment  
10 – 33 $\frac{1}{3}$ % per annum

Motor vehicle  
20% per annum

Office renovation/facilities  
10 – 33 $\frac{1}{3}$ % per annum

Buildings  
2% per annum

## 2.4 Impairment of Assets

The carrying values of assets are reviewed on the balance sheet date to determine whether there are any indications of impairment. If any such indications exist, the impairment is measured by comparing the carrying values of the assets with their recoverable amounts. Recoverable amount is the higher of the asset sales value and value in use, which is measured by reference to discounted future cash flows. The recoverable amount is estimated for individual asset, or if it is not possible, for the cash-generating unit to which the asset is used.

An impairment loss is charged to the Income Statement in the year the impairment is identified.

Subsequent increase in the estimated recoverable amount of an asset is treated as reversal in the previous impairment loss, and is recognised to the extent of the carrying value of the asset that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised.

## 2.5 General Investments

Investments are stated at cost. An allowance for diminution in value is made when, in the opinion of the members of the council, there is a decline other than temporary in the value of the investments.

## 2.6 Tunai dan Bersamaan Tunai

Tunai dan bersamaan tunai meliputi tunai dalam tangan, deposit dengan institusi kewangan berlesen dan pelaburan jangka pendek berkecairan tinggi yang mempunyai risiko perubahan nilai yang tidak signifikan.

## 2.7 Rezab Penilaian Semula

## 2.8 Inventori

Penerbitan dan kos percetakan buku sukatan peperiksaan telah dimasukkan kira dalam perbelanjaan tahun yang berkenaan.
